Dear Parents and Guardians

Introducing SAM Learning

At Samuel Cody we are always looking for ways to extend our students' learning. Part of our improvement programme involves the use of SAM Learning, a unique online service that offers multiple subjects. If and when the time comes and you find your child has to self-isolate or there is a lockdown, we will use SAM Learning. SAM Learning helps us work together to provide students with meaningful learning experiences at home and at school. Class teachers will be able to set online home learning for as long as it is required and students will have the opportunity to complete and submit responses to their teachers. SAM Learning offers a self-marking and point system and students will be able to create their own Avatar as they collect points from completed work. SAM learning will enable students and teachers to remain in communication and ensure students continue to make progress with their learning. We will also be using SAM learning to support the subject curriculum with the offer of extended home learning opportunities.

Access Details

As one of our students, they will be able to access the service at anytime and anywhere, whether they are at school, at home, in the library or in a community centre – and it works on any device, from smartphone to home PC. All you need to do is visit the website and enter your unique login details.

Website address: www.samlearning.com

Centre ID:	GU1SC2
User ID:	Date of birth followed by two initials: first name then last name. Example: 010804DJ is the User ID for David Jones born 1st Aug 2004.
Password:	Initially same as your User ID, you are encouraged to change this to something difficult to guess.

Getting Started

When your child first logs in, they will be able to set up their own Avatar – which they can customise, as your child completes set challenges – they will also be able to link with friends to compete in set challenges.

Your child will be given an introduction to SAM Learning in school. The service will also enable home learning opportunities to be set and marked online, which means you can easily see how well your child is getting on.

We hope that you are able to take full advantage of SAM Learning and if you have any questions please do not hesitate to contact myself Mr King at adminoffice@samuelcody.hants.sch.uk

Kind regards

Mr A King
Assistant Head Teacher KS3
