

Class	Aut 1	Aut 2	Spr 1	Spr 2	Sum 1	Sum2
	Amazing me Life skills	Countries of the world	Superheroes	The circus	The Rainforest	Pirates and the sea.
R/Yr 1	EYFS Knowledge of understanding of the world.					
1 Parachutes (Yr 1 and 2)	Animals including humans The senses Body parts	Seasonal change Weather in the seasons Changes across the 4 seasons	Everyday materials Name materials Use senses to identify materials		Plants Common plants Basic structure	Animals including humans Name different animals Compare animals
2 Gliders (L Yr 3 and 4)	Animals including humans Food, drink and exercise Life cycle growth	Living things and their habitats Compare living, dead Name common plants How animals obtain food	Everyday materials Change solid objects Compare materials and suitability	Everyday materials Properties of materials	Plants How seeds and bulbs grow Need sun, water etc	
3 Planes H 3 and 4	Animals including humans Skeleton	Rocks and Soils Compare and group Fossils Volcanoes Separating materials	Forces and magnets North south pole Uses of magnets Magnetic materials	Light To experience light and dark. To be able to select light sources e.g. torch, candle, from tray of mixed objects. To be able to describe or indicate features of night-time	Plants Function of parts Requirements for growth	Animals including humans Food chains How do animals get their food
4 Jets (L Year 5, 6)	Animals including humans Food, teeth claws	Sound Explore making and changing sounds.	States of matter Compare and group solids,	Electricity To know that electricity can be dangerous. To know that electricity can	All living things Grouping living things Identify living things Environmental changes	

		To experience a range of sounds. To explore making and changing sounds. To be able to identify some common sounds	liquids, gases	produce light, heat, sound, movement. To be able to connect given circuit components to light the bulb/make the buzzer sound.	
5 Rockets (H Yr 5 and 6)	Animals including Humans Life cycle growth (2)	Earth and Space Planets Night and day Moon	Forces To experience a range of pushes and pulls. To be able to demonstrate a range of pushes and pulls	All living things Life cycles Reproduction in plants and animals	Properties and changes of materials Dissolving Group materials-reversible and irreversible changes

Years 1 and 2- 4 topics

Years 3, 4, 5 and 6- 5 topics
