

## Policy for Managing Drugs Related Incidents

---

Samuel Cody School treats the possession, use or supply of illegal and other unauthorised drugs within school boundaries as a serious offence. (See whole school policy and procedure for behaviour management). The school caters for students who may be particularly vulnerable due to their additional needs. Some also have complex medical conditions and may take other medication. Bringing unauthorised drugs into school could lead to involvement by the Police and exclusion.

In order to manage drug related matters the school has a designated senior member of staff who will follow the set procedure following the discovery of illegal substances in school, and who will liaise at all times with the Head teacher or other senior leader in the Head teacher's absence.
